FAQs

Q: Do I need a gym membership?
A: Not necessarily — you can train in-person at a gym (membership/day-pass fees are on you), at home, or virtually. Your call, based on what fits your schedule.

Q: What do I need for a home session?
A: Just a safe, clear space and your own equipment, unless we've arranged otherwise in advance. Everything else works the same as an in-person gym session.

Q: What if I have to miss a session?
A: Just give at least 24 hours' notice and we'll reschedule based on availability. Missed sessions without notice are considered forfeited, so a heads-up protects your session count.

Q: What if the program doesn't work for me?
A: Results depend a lot on consistency, recovery, and nutrition on your end, so outcomes aren't guaranteed. That said, Transformation clients who stay consistent (80%+ adherence) but don't see the results they expected get free coaching extensions under the Triple-Guarantee above.

Q: How do I pay, and is a payment plan available?
A: Full upfront, monthly, or a partial/deposit plan — payment plans are available at my discretion depending on the package. Either way, your total fee stays the same, and coaching starts once payment is confirmed.

Q: Can I pause or extend my program?
A: Pauses aren't guaranteed and depend on availability at the time — message me and we'll see what's possible. The free extensions under the Triple-Guarantee are the one exception that's built into the Transformation package.
