Good to know

- The surcharge applies to every session delivered at that location, including bonus and additional sessions.
- Where a location shows a range, the exact amount is confirmed in writing before you buy a package.
- Other locations are subject to quotation and mutual agreement.
- Surcharges are billed together with each payment and cover the sessions scheduled in that payment's period. If you pay in full, the surcharge for all planned sessions is paid upfront.
- Home sessions: the surcharge for the area where your residence is located applies.
- Gym memberships, day passes, and guest access fees are your responsibility, and the gym must allow outside coaches.
